THE UNIVERSITY OF HONG KONG
SCHOOL OF PROFESSIONAL AND CONTINUING EDUCATION

**Important Information For Parents/Guardians Of Students Who Are Under
The Age Of 18 Years At The Time Of Admission To The School**

1. **Student minors and parental responsibility**

Students may still be under the age of 18 years at the time of admission to the School. These students (student minors) are not adults from legal and social perspectives. While the School, in appropriate circumstances, will give due consideration and take necessary measures in handling affairs in regard to student minors, it should be noted that parental responsibility remains with the parents/guardians. The School will not act in loco parentis (i.e. will not assume parental responsibility).

2. **Academic and social life in the School**

Despite their minor status, student minors are expected to lead their academic and social lives in the School as for other students. In this connection, parents/guardians should note, amongst other things, that student minors may:

- have access to a variety of information and materials (including those normally suitable for adults only) in a free academic environment;
- participate or engage (pursuant to a course requirement or otherwise) in academic, training, social and other activities (e.g. field trips, internships, placements, tours outside Hong Kong, late night meetings or gatherings, overnight programmes and high-risk sports) which may involve various kinds of risks;
- participate in the activities of and become office bearers in student organizations, and take up the relevant responsibilities; and
- need to receive medical treatments, psychological treatments or counseling services, or undergo medical operations, especially in case of emergency.

3. **Personal Data (Privacy) Ordinance**

Student minors are protected by the Personal Data (Privacy) Ordinance. In this respect, parents/guardians have no automatic right to access the personal data of student minors (e.g. academic records). It is the normal practice of the School to correspond directly with students but not their parents/guardians. However, the School acknowledges that it is necessary to maintain updated contact details of the parents/guardians of student minors, in particular for emergency. If appropriate, parents/guardians may also provide relevant information to the School in the interests of student minors.

4. **Consent**

The parent/guardian of a student who is under the age of 18 years at the time of admission to the School is required to complete and sign the attached consent form (either English or Chinese version) which should be submitted to the School before the commencement of the Programme /

Course. Without the required consent form, the School may have difficulty in arranging some of the teaching and learning activities for a student minor, and therefore, his or her studies may be affected.

[Note: In the case of discrepancy between the English and Chinese versions, the English version shall prevail.]
