Business Education@HKUSPACE

About the Programme

University of Plymouth is one of the UK’s most prominent and dynamic universities with an educational history dating back to 1862. It is a world class university with an outstanding track record of excellence in teaching and research, and a commitment to working with partner institutions within the region, nationally and internationally.

Many of its graduates are presently employed in global supply chain and logistical businesses. The school is associated with a number of commercial and international organizations including The Chartered Institute of Logistics and Transport and The Institute of Chartered Shipbrokers.

HKU SPACE is the lifelong learning and continued education arm of the University of Hong Kong. One of its key missions is to provide learning opportunities for personal, professional and career advancement for people from all walks of life. It is the leading local provider in continuing education. Enrolments since 1956 have exceeded 2.5 million and annual enrolment now exceeds 100,000.

Bachelor of Science (Honours) International Supply Chain and Shipping Management

This top-up degree programme gives you an opportunity to study a range of topics affecting the global supply chain industry and develop the management and business skills it demands. Deepening your understanding of international shipping and supply chain management through a variety of modules, you’ll engage with current environmental and ethical debates, technological developments and government legislation, all of which impacts a manager’s responsibilities are presently employed in global logistical and shipping businesses.

Eligible students can apply for a refund with 80% off the module fees, subject to a cap of \$30,000, from the Maritime and Aviation Training Fund (MATF) of Hong Kong Transport and Logistics Bureau (TLB). Please visit TLB’s website for more details. 

This bachelor programme confers offshore degrees carrying the same academic status and recognition as that offered to University of Plymouth’s on-campus graduates.

Students are expected to graduate from the registered programme of study upon satisfactory completion of all stated modules, and they will be awarded the Bachelor of Science (Honours) International Supply Chain and Shipping Management from University of Plymouth.
