Certificate for Module (Mindfulness-based Psychotherapy)

Programme Code: CS053A

Application Code: 2070-CS053A

2975 5657

sophie.yys.wong@hkuspace.hku.hk

6

This programme enables mental health practitioners to gain practical knowledge about the foundations, the basic philosophies, history of development and research evidence of Mindfulness-based Psychotherapy and its effectiveness. It integrates the mindfulness paradigm into mental health and explores ways to incorporate mindfulness into therapeutic work for clients with mental health concerns. By learning specific skills in Mindfulness-based Cognitive Therapy and Mindfulness-based Psychotherapy, it promotes continuous professional development of students to apply this evidence-based intervention appropriately for helping people with different mental health issues. Finally, it allows reflective practice on the benefits and limitations of this approach and ethical concerns and risk management in its application.

R Applicants shall:

- Hold a professional qualification in mental or physical healthcare; or
- Have a bachelor's degree or above in relevant disciplines of education, psychology, social work or counselling.

Applicants with other acceptable qualifications will be considered on a case-by-case basis.

Exploring the Applications of Psychology

Programme Code: PSYC9021

Application Code: 2080-1987NW

2975 5657

sophie.yys.wong@hkuspace.hku.hk

Psychology is the study of human's behaviour, performance, and mental operations. It also refers to the application of the knowledge, which can be used to understand social phenomenon, treat mental health problems, and improve education, employment, and relationships, etc. The subject lies at the intersection of applied, educational, and theoretical science.

The objectives of this short course are (1) to introduce participants to the field of psychology; (2) to describe how various psychological approaches contribute to our understanding of everyday life settings; and (3) to apply the knowledge from these studies to our own personal and professional lives.

Occupational Health Psychology

Programme Code: PSYC9049

Application Code: 2080-1992NW

2975 5657

sophie.yys.wong@hkuspace.hku.hk

Occupational Health Psychology, also known as OHP, is an interdisciplinary study in the field of psychology where much of the emphasis is placed on improving the safety and well-being of employees in the workplace through application of psychotherapeutic principles and behavioral change. OHP can help the employee address specific emotional or work-related wellness issues. The purpose of this short course is to provide participants with opportunities to become more aware of and to understand the concepts of occupational health psychology in the Hong Kong contexts.
