Certificate for Module (Hotel Revenue Management Analytics)
Programme Code: HT014A

Application Code: 2145-HT014A

📞 2867 8408　　✉ htm.hrma@hkuspace.hku.hk

Hotel revenue management analytics is cross-functional and cross-disciplinary. Revenue management is key to hotel business because hotel room has fixed capacity, perishable inventory, and time-variable demand. The team of reservation and front desk departments in hotels needs to learn the principles of revenue management regarding how to apply pricing and length-of-stay tools, manage overbooking, forecast demand, and measure the revenue management performance. Successful revenue management strategies hinge on the ability to forecast demand and to control room availability and length of stay. This practical knowledge also needs to disseminate and communicate to those working in other hotel departments, so that they can collaborate together towards the overall pricing strategies to maximize profitability.

R Applicants shall:
(i) hold a relevant bachelor's degree awarded by a recognized university or equivalent; or
(ii) hold a relevant Associate Degree / Higher Diploma or equivalent, and have at least 2 years of related work experience.
Applicants with other qualifications will be considered on individual merit.
